097090 Contactor 4kW 240vAC Coil for Fullwood Milk Pump Controllers

Controflow Milk Pump Speed Controller

Fullwood pt#

- 070292** 230V Controflow VSD (Variable Speed Drive) suitable for 3ph FP66 milk pumps up to 1.5kW (milk pump not included)

- 070229** Controflow VSD (070292) & 1.5kW 3ph motor for conversion (040134) & mains cables & probe cables only (no probes)

- 070358** Controflow kit for 3ph vertical receiver, including 1 x 070292 Controflow VSD, 1 x 070306 bung & probes, 1 x 115948 Controflow CMD control & cables

- 070359** Controflow kit for 3ph horizontal receiver, including 1 x 070292 Controflow VSD, 1 x 070306 bung & probes, 1 x 115948 Controflow CMD control & cables

- 115948** Controflow CMD control

- 115571** Altivar 12 VSD spare for 070292 Controflow VSD

- 115572** PND2 PCB level detector spare for 070292 Controflow VSD

- 070297** Probe kit 4 probes 300-350-400-450mm including 49mm bung for 100ltr horizontal Controflow

- 115762** Probe kit 4 probes 300-350-450-550mm including bung

- 070305** Probe kit 4 probes 500-550-650-750 mm including bung for 100ltr vertical

- 070306** Probe kit 4 probes 650-750-850-950 mm including bung for 120ltr vertical

- 005584** Fuse 2a 20x5mm Q/B Glass spare for 070292 Controflow VSD

---------------	--	---

Fullwood Vacuum Pumps

are used effectively in milking parlours and industry across the world. The range of models includes the Q3 and Q4 pumps designed to reduce power consumption whilst having a quieter running level. The Ambassador is designed for the large herd where only one vacuum pump is required and for industrial use.

Performance Capabilities -Table 1

Part Number		Vacuum Pump Model & Speed		50kPa			44kPa			37kPa		
				Lit/Min			Lit/Min			Lit/Min		
				Rec'd motor kW	Typical Power Cons'n		Rec'd motor kW	Typical Power Cons'n		Rec'd motor kW	Typical Power Cons'n	
041980	Ambassador	800	2100	5.00	4.40		2400	5.00	4.20	2700	5.00	4.00
		1028	2850	7.50	6.00		3225	7.50	5.90	3675	7.50	5.70

041751	PF20	1440	250	1.1	1.00		300	1.1	0.91	365	1.1	0.79
		1028	140	0.75	0.65		190	0.75	0.59	240	0.75	0.52

*NB Where the power supply to be used is single phase only, check with your Electricity authority that motors of this size can be used. Performance varies with altitude.

The performance figures for the Q3 and Q4 vacuum pumps were obtained, as stated, at 1200, 1028 and 809 rpm. These speeds are rarely achievable precisely with available commercial pulleys as will be seen from the pulley chart below. Moreover, full load motor speeds also vary.

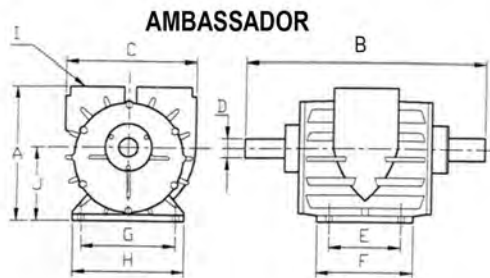

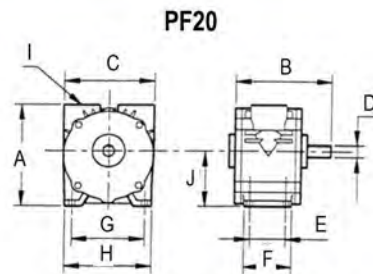

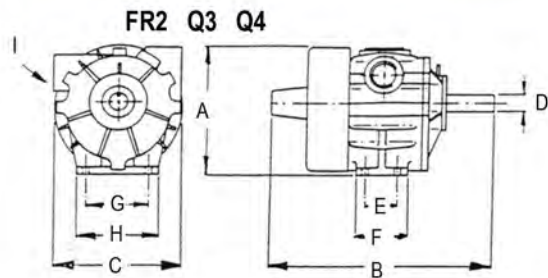

The pump capacities should be taken as stated on the vacuum pump label. Exhaust back pressure should not exceed 5kPa.

THE MAXIMUM RECOMMENDED SPEED OF THE Q3 IS 1028 AND 1200 RPM FOR THE Q4 AND MUST NOT BE EXCEEDED.

Pulley Diameter				Vacuum Pump RPM
Electric Motor		Vacuum Pump		
mm	in.	mm	in.	
100	3.937	178	7.0	809
127	5.0	178	7.0	1028
127	5.0	152	6.0	1200
127	5.0	127	5.0	1440

Product info : M²erlin Service Kit Summary - MTB124

- M²erlin requires four equally spaced services per year with additional work required at the end of every 2 year period.
- All services are to be carried out by suitably trained Technicians.
- Note: Part number 294012 (Service 1 Year 1) is a smaller service than the corresponding services in subsequent years and has a reduced kit of parts
- The parts that do not require servicing in this first service in the first year are indicated with X* in the Service Schedule.
- The Service Schedule is available on the Fullwood website in the following location:-

M2 Service Schedule.pdf

Summary of Services:

Year	1	2	3	4
Service 1 Year 1	294012	--	--	--
Service 1 Years 2,3,4..etc	--	294016	294016	294016
Service 2	294017	294017	294017	294017
Service 3	294018	294018	294018	294018
Service 4	294019	294019	294019	294019
End of 2 Year period	--	294013	--	294013

TERMS AND CONDITIONS OF SALE

1. General

- 1.1 The terms and conditions of sale set out in this document represent the entire agreement and understanding between us and override any other express or implied terms in relation to any contract for sale. These terms can be altered only by a written statement signed by one of our duly authorised officers. The Buyer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of us which is not set out here or in the contract.
- 1.2 Subject to any variation under condition 1.1 the contract shall be on these conditions to the exclusion of all other terms and conditions (including any terms or conditions upon which you purport to apply under any purchase order, confirmation of order, specification or other document).
- 1.3 No terms or conditions endorsed on, delivered with or contained in your purchase order, confirmation of order, specification or other document shall form part of the contract simply as a result of such document being referred to in the contract.
- 1.4 These terms and conditions shall apply only to contracts made between us and you. You agree that it is not our intention that any term shall be enforceable by virtue of the Contracts (Rights of Third Parties) Act 1999 by any person that is not a party to it.
- 1.5 Our quotations and price lists are merely for information and do not constitute an offer to contract. A binding contract will only arise when we have received your formal order and accepted it by sending you an acknowledgement of order.
- 1.6 Once our acknowledgement has been sent an order can only be cancelled or altered if we agree in writing to accept cancellation or alteration. Even if we do accept this we reserve the right to charge for any costs reasonably incurred by us up to the date of alteration and/or cancellation.
- 1.7 Failure or delay by us in enforcing or partially enforcing any provision of these terms shall not be construed as a waiver of any of our rights under these terms or the contract.
- 1.8 These terms and conditions are governed by Incoterms 2000, on the Ex-Works basis where applicable.

2. Price

- 2.1 Orders for items will be charged at the price shown in our current price list at the date of delivery which is exclusive of any lawful tax.
- 2.2 Where we have given a quotation for goods we will accept orders at the prices given in the quotation provided the order is placed within one month of the date of the quotation. If the order is not placed within one month we have the right to issue a new quotation.

3. Payment Terms

- 3.1 A deposit payment is required at the time of the order being placed, which may be waived at our discretion.
- 3.2 Subject to the provisions of clause 1.6, in the event that we agree to the cancellation of an order, the return of the deposit (in whole or part) is entirely at our discretion.
- 3.3 Unless otherwise agreed, all invoices must be paid in full without demand, deduction, set off or counterclaim, within the due periods as specified on our quotations or invoices.
- 3.4 If you fail to pay us any sum due pursuant to the contract, you shall be liable to pay interest to us on such sum from the due date for payment at the annual rate of 4% above the base lending rate from time to time of Barclays Bank plc, accruing on a daily basis until payment is made, whether before or after any judgment. We reserve the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.

4. Delivery

- 4.1 Delivery is Ex-Works, as defined by IncoTerms 2000, at the premises of Fullwood Ltd, Ellesmere, SY12 9DF England, and is entirely your responsibility, with the exception of normal delivery to addresses in Great Britain, for which Fullwood Ltd will be responsible.
- 4.2 Time shall not be of the essence in relation to delivery of the goods.
- 4.3 Any liability that we may have for non-delivery of the goods shall be limited to

replacing the goods within a reasonable time or issuing a credit note at the pro rata contract rate against any invoice raised for such goods.

- 4.4 You must arrange for manpower and equipment to be available to unload the goods when they are delivered.

5. Damage and Loss in Transit

- 5.1 Unless delivery is to an address in Great Britain, the goods are your responsibility from the time of despatch from our premises and any loss or damage of equipment in transit is entirely your responsibility as defined in Incoterms 2000.
- 5.2 If delivery is to an address in Great Britain and you think that any of the goods have been damaged in transit or that some goods have not been delivered you must notify us in writing within five days of receipt. You must also retain any packaging in which the damaged goods were delivered. We cannot accept any responsibility for any such claim unless you comply with these requirements

6. Retention of Title

- 6.1 Ownership of the goods which are the subject of this contract shall not pass to you until they are fully paid for. Until we have received full payment you must store the goods in such a way as clearly to indicate at all times that the goods are owned by us and not do anything to the goods which may prevent them from being identified. We reserve the right to enter upon any relevant land or buildings with such transport as may be necessary for the purpose of repossession but this shall be without prejudice to any other rights or remedies arising from any breach of contract.
- 6.2 You have our permission (which we can withdraw at any time by notice) to sell goods which have not been paid for as our fiduciary bailee in the normal course of your business and to dispose of the goods by way of a bonafide sale at full market value. When your customer pays you for those goods you must hold the money to our order.
- 6.3 If while we retain ownership of the goods the goods are incorporated in or attached to other goods the ownership of the whole of such goods shall vest in us and you shall hold such goods as our bailee and to our order until we have received payment in full in respect of our goods.

7. Risk

- 7.1 Even though goods remain our property until you have paid for them they are at your risk from the time of despatch from our premises and you are responsible for and should put in place at your own expense all risk insurance. You are responsible for taking care of them which includes (but is not limited to) storing them under suitable conditions.
- 7.2 You may resell the goods before ownership has passed to you solely on the following conditions;
- 7.2.1 Any sale shall be effected in the ordinary course of your business at full market value;
- 7.2.2 Any such sale shall be a sale of our property on your own behalf and you shall deal as principal when making such a sale;
- 7.2.3 You ensure that as part of your terms and conditions of sale between you and your customer, the cancellation provisions as set out in these terms and conditions are incorporated.

8. Warranty

- 8.1 We will make good by repair or the supply of replacement defects which under proper use appear in the goods we supply within a period of twelve calendar months after the goods have been despatched and arise solely from faulty design (other than a design made, furnished or specified by you for which we have disclaimed responsibility in writing) materials or workmanship, provided always that defective parts have been returned under our approved procedure.
- 8.2 You accept responsibility for the return of the goods to our premises at your own cost.
- 8.3 Our liability under this clause as to the quality or fitness for any particular purpose of the goods shall be in lieu of any warranty or condition implied by law. Save as provided in this clause and in clause 9 below we shall not be under any liability whether in contract tort or otherwise in respect of the defects in goods delivered or for any injury (other than personal injury caused by our negligence as defined in the Unfair Contract Terms Act 1977 section 1) damage or loss resulting from such defects or from any work done in

connection therewith.

- 8.4 This guarantee does not apply to defects caused entirely or partly by:-
 - 8.4.1 Fair wear and tear in consumable parts (which includes all rubber and silicon parts);
 - 8.4.2 A third party's products being used with our equipment;
 - 8.4.3 Interference caused by transmitted radiation or the proximity of other electrical equipment;
 - 8.4.4 Fluctuations in the power supply, and / or abnormalities in the electrical power supply.
 - 8.4.5 Negligent or defective workmanship and the design of the premises in which the goods are to be installed or in the installation of the goods;
 - 8.4.6 Failure to maintain or use the equipment precisely in accordance with our instructions and recommendations;
 - 8.4.7 Any advice we give on the design and installation of the goods where you have supplied us with wrong, incomplete or misleading information.
- 8.5 If any defect does arise as stated above then you must notify us in writing as soon as reasonably practicable or in any event within fourteen days of the fault arising.

9. Limitation of Liability

- 9.1 Subject to Clause 4 and Clause 8 the following provisions set out our entire financial liability (including any liability for the acts or omissions of its employees, agents and sub-contractors) to you in respect of:
 - 9.1.1 Any breach of these conditions;
 - 9.1.2 Any use made or resale by you of any of the goods, or of any product incorporating any of the goods; and
 - 9.1.3 Any representation, statement or tortious act or omission including negligence arising under or in connection with any contract for sale.
- 9.2 All warranties, conditions and other terms implied by statute or common law (save for the conditions implied by section 12 of the Sale of Goods Act 1979) are, to the fullest extent permitted by law, excluded from the Contract.
- 9.3 Nothing in these conditions excludes or limits our liability:
 - 9.3.1 For death or personal injury caused by our negligence; or
 - 9.3.2 Under section 2(3), Consumer Protection Act 1987; or
 - 9.3.3 For any matter which it would be illegal for the Company to exclude or attempt to exclude its liability; or
 - 9.3.4 for fraud or fraudulent misrepresentation.
- 9.4 Subject to clause 9.2 and clause 9.3:
 - 9.4.1 our total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the contract for sale shall be limited to the contract for sale; and
 - 9.4.2 We shall not be liable to you for loss of profit, loss of business, in each case whether direct, indirect or consequential which arise out of or in connection with the contract for sale.

10. Ownership Rights

All technical information, schematics, drawings and all other information in relation to the goods or their installation are our property and you are not allowed to do anything which may damage or endanger or challenge the validity of these ownership rights and you should not reproduce or otherwise use these without our prior written permission.

11. Severance

If any provision of these terms and conditions of sale are prohibited by law or adjudged by a Court to be unlawful, void or unenforceable then that provision shall to the extent required be severed from this agreement and rendered ineffective as far as possible without modifying the remaining provisions of the agreement and shall not in anyway affect any other circumstances or the validity or enforcement of this agreement.

12. Force Majeure

- 12.1 We cannot accept responsibility for any failure to fulfil our part of the contract which is caused by or attributable to acts, events, omissions or accidents beyond our reasonable control, including but not limited to any of the following:

- 12.1.1 Acts of God, including but not limited to fire, flood, earthquake, windstorm or other natural disaster;
- 12.1.2 war, threat of or preparation for war, armed conflict, imposition of sanctions, embargo, breaking off of diplomatic relations or similar actions;
- 12.1.3 Terrorist attack, civil war, civil commotion or riots;
- 12.1.4 Nuclear, chemical or biological contamination or sonic boom;
- 12.1.5 Voluntary or mandatory compliance with any law (including a failure to grant any licence or consent needed or any change in the law or interpretation of the law);
- 12.1.6 Fire, explosion or accidental damage;
- 12.1.7 Loss at sea;
- 12.1.8 Adverse weather conditions;
- 12.1.9 Collapse of building structures, failure of plant machinery, machinery, computers or vehicles;
- 12.1.10 any labour dispute, including but not limited to strikes, industrial action or lockouts;
- 12.1.11 non-performance by suppliers or subcontractors (other than by companies in the same group as the party seeking to rely on this clause); and
- 12.1.12 interruption or failure of utility service, including but not limited to electric power, gas or water.

13. Installation

This clause applies only where we have agreed to install and/or commission the equipment.

- 13.1 You are responsible for carrying out all structural alterations and any other works necessary to prepare the premises for the installation of the equipment. These works must be completed prior to our estimated delivery date and must comply with any instructions, designs or specifications which we may give to you.
- 13.2 If installation of the goods is delayed because of your breaches of clause 13.1 above then we have the right to levy an additional charge to cover our direct and indirect costs incurred as a result.
- 13.3 The equipment is at your risk from the time it is delivered to you even though we are working with it. You must comply with clause 7 above.
- 13.4 You are responsible for the supply and connection of all mains services including but not limited to water, drainage and electricity.
We will use all reasonable endeavours to ensure that the installation works will be carried out in a good and workmanlike manner provided that our liability for the consequence of any negligent workmanship in the course of installation is limited in the same way as provided in clauses 8 and 9 above

14. Termination on Non-Payment or Insolvency

If for whatever reason you fail to comply with these terms and conditions including failing to pay any sum properly due or if you go into liquidation whether compulsory or voluntary (except for the purposes of a bonafide reconstruction or amalgamation with our consent such consent not to be unreasonably withheld) or if an administrator, administrative receiver or receiver is appointed over any part of your assets or undertaking then we may by notice immediately terminate this agreement.

15. Indemnity

You will indemnify us and keep us indemnified against any loss, damage or liability (whether criminal or civil) suffered and legal fees and costs incurred by any breach by you of these terms and conditions including any act neglect or default by your employees or agents and including any breach by you resulting in any successful claim by any third party.

16. Governing Law

These terms shall be governed by and construed in accordance with English Law and be under the exclusive jurisdiction of the Courts of England.

17. Date & Revision

These Terms & Conditions are dated 18th March 2009. Revision Number 1/09.
